

Roller Finger Guard

(with concealed fixings)

An aluminium roller blind finger protection system tested in accordance with BS 8613:2017 - 200,000 cycles completed.

Fire Tested for 30 minutes to BS EN 1634-1: 2014+A1 2018 and for 60 minutes to BS 476-22:1987

The blind pulls out of the housing to span the gap as the door opens, and retracts as it closes.

A perfect solution for a multitude of different door applications including Automatic high traffic doors, single action timber, uPVC, Steel or Composite doors.

Lengths: 1925mm and 2015mm
